

ESTES VALLEY  
LIBRARY  
RFID Request for Proposal

Addendum: September 1, 2011

---

1. Number of Conversion Stations needed:

The EVPLD prefers a cost per unit approach to quoting conversion stations. The library may want to rent more than one at a time for speed, depending on price per unit. The library's preference remains having the vendor provide tagging during 'off-hours'.

2. Staff Stations needed:

Three

3. Security Gate Configuration:

The entry path is 81" wide. Dual Aisle.

4. Number of self-check stations required:

Two required; three preferred

5. How many inventory wands:

One

6. Tag Logo

Tags printed with back and white library information / logo
