## Celebrate the Library Centennial

Albert Einstein said, "The only thing that you absolutely have to know, is the location of the library." Oh so very important. And today that address is [estesvalleylibrary.org](http://estesvalleylibrary.org). Who'd've thunk it!

It's 2016 and our library is 100 years new. Happy birthday, Estes Valley Library! You are such a gift to us, unfolding like creation into the void of our future, holding for us the footings and footprints of our past, revealing to us the beauty of our humanity, teaching us all we seek to know, welcoming us to individual and corporate creativity.

Just the few pages that follow presage so much for us in the year ahead: real live authors to meet; a calendar full of exciting events and meetings that make Estes Park such a vibrant community; special programs that open new vistas of knowledge; classes to teach us all the ways to engage information.

It's a party! It's our party! Come on in. Soak up all there is.

And if you are so inspired, offer a birthday gift of your own. In this Centennial year, the Estes Valley Library Friends & Foundation will frost this lovely publicly funded literacy cake with gifts to create new quiet space and classroom/meeting space on the second floor. We will also increase the endowment that assures the extra measure of excellence we have come to expect and love so much.

You can celebrate with your own contribution of time, talent or resources. Volunteer for the book sale, lend a hand with shelving, offer a gift of gratitude, large or small. But most of all come in and celebrate 100 years of new, a century of now, a dream of tomorrow.

Happy Birthday, Estes Valley Library!

With deepest appreciation,

Jerry Kennell  
President  
Estes Valley Library Friends & Foundation

It's our birthday and it wouldn't be a celebration without cake! Come to a special event marked with a cupcake and have a treat on us.

## Building the Library's Endowment is the most strategic solution for strengthening the Library's future.

Bob and Ludie Dickeson have been giving to the Estes Valley Public Library Foundation and Friends for fifteen years and, during the most recent years, directed all of their giving toward the Endowment. This passion comes from Ludie's love for the Library in the 1950s when it was located in Bond Park.

Properly administered, an endowment lasts forever. Income generated from the corpus of an endowment provides additional resources for achieving Library excellence, over and above regular income.

Estes Valley Library gets most of its income from property tax and gift income— monies that are spent to provide services to its growing number of patrons. But those two sources may be subject to certain vagaries over time—valuation issues, economic downturns, etc.—while endowment income goes on and on.

Ludie was president of the Foundation Board a few years back when a long-time goal was achieved: An endowment balance of \$1 Million. To some, that significant milestone seemed to be enough. However, as one looks to an uncertain future, building the Endowment to greater heights assures the ongoing continuity and stability our great Library deserves.

**Please join us in building for the future!** Your generous Centennial Gift will help to make more dreams and possibilities a reality at the Estes Valley Library.

## April 15 An Evening for Library Volunteers

FRIDAY

5 PM - 6:30 PM | LIBRARY ATRIUM

Estes Valley Library will host an appreciation evening from 5:00 to 6:30 pm on Friday, April 15 to thank all of our volunteers that are so generously giving of their time and energy. The event will take place in the Library's Atrium. We will serve light appetizers and wine. Our Volunteer of the Year will be recognized at this time.

## Volunteer of the Year - Stan Havlick

Since 2009, Stan has volunteered to help the library grow its popular adventure-travel signature program **Our Wonderful World**. Stan helps recruit presenters – from regionally renowned mountaineers to everyday trekkers with fascinating stories to share. Over the past decade, **Our Wonderful World** has become the most popular library program series for adults, drawing over 1,000 attendees every summer.

Stan Havlick's enthusiasm is infectious. Stan is an avid world traveler and adventurer, holding the distinction of being the first person ever to cycle end-to-end across each of the bike-able continents. As passionate as he is about trekking the globe, he is equally dedicated to the vicarious travel of storytelling, and its ability to inspire and educate us about the wonders of our planet.

Please join us in thanking Stan Havlick for his dedication. And join us for the 10th annual **Our Wonderful World** series in the summer of 2016.

## Love Your Local Authors Festival

1 PM - 4 PM | ESTES VALLEY LIBRARY

With a year of author visits and programs ahead of us to celebrate the Library's 100th Birthday, what better way to begin than by showing our love to our own local Estes Valley authors?

The Love Your Local Authors festival will highlight the intellectual and creative accomplishments of writers in the Estes Valley.

Join us on Saturday, February 20, 2016, from 1:00 to 4:00 pm, at the Estes Valley Library for this one-of-a-kind local author event.

Each author will give a short talk about their most recently published book. Then we will have author "Speed Dating" where you will have the opportunity to spend time with your favorite author in a one-on-one conversation. You can also purchase the titles you like the most and have them signed by the authors!

### Featured Authors Include:

VIC ANDERSON | JUDY ARCHIBALD | WALTER BORNEMAN  
JOHN FRIDRICH | THOMAS GOOTZ | MARGARET GUTHRIE  
NANCY KAESLER | ANNETTE MARSHALL | PAT MASLOWSKI  
DARRELL MUDD | TERRY RIZZUTI | DAYLE SPENCER  
ERIK STENSLAND | RAMONA WORLEY | JANA ZINSER

# MARCH 2016 | Discover Your Roots

## DISCOVER YOUR ROOTS: Local History and Genealogy

**You asked us for:** resources to explore your heritage, to connect the past with the present through your family histories, and to understand the history and traditions of the community in which you live.

The Library is a wonderful resource in your quest for connecting the past to the present.

In March, look for genealogy workshops that will generate opportunities for local residents to explore and discover your roots.

The Estes Valley Library's attention to local history and genealogy will continue to be a priority as we work towards digitizing our historic newspaper collections as the physical collection migrates to the Estes Park Museum.

## Tech Makes Genealogy Easier with Genealogy Specialist Deena Coutant

2 SESSIONS: 1 - 3:30 PM & 5 - 7:30 PM | COMPUTER LAB

Interested in tracing your family history but not sure where to start? Begin with the library-provided subscriptions to Ancestry.com and HeritageQuest, and then expand to other free sites including FamilySearch and the Library of Congress. Attend a hands-on computer lab where you'll have time to practice the skills and search techniques learned in class... and discover an ancestor or two along the way! **Registration opens on 2/14/16.**

MONDAY

## Photo Editing with GIMP with Tech Guide Diana Laughlin

5:30 PM - 7 PM | COMPUTER LAB

Touch-up your family's historical photographs. GIMP is a free program, which offers photo-editing tools. We'll crop, adjust colors, re-size, add layers, and learn about transparency and opacity with digital photos. Scan your old photographs into digital files ahead of time for the class. Schedule a Book-a-Librarian: Tech Assistance before class if you need help.

This class is taught on Mac computers and is best for people with intermediate computer skills including file management.

## Featured Resource — ancestry.com<sup>®</sup>

"Our mission is to help everyone discover, preserve and share their family history. We strive to make our service valuable to individuals ranging from the most committed family historians to those taking their first steps towards satisfying their curiosity about their family stories." - ancestry.com

Ancestry.com is the world's largest online family history resource with more than 2 million subscribers across all its websites. More than 16 billion records have been added to the site over the past 19 years, and Ancestry.com adds an average of 2 million records to its website each day. On average, Ancestry.com servers handle more than 75 million searches daily.

SATURDAY

## An Afternoon with Author Buzzy Jackson

2 PM - 4 PM | LIBRARY'S FIREPLACE CORNER

WHO ARE YOU AND WHERE DO YOU COME FROM? As a historian, Buzzy Jackson thought she knew the answers to these simple questions – that is, until she took a look at her scrawny family tree. Her first visit to the Boulder Genealogy Society brought her more questions than answers... but it also gave her a tantalizing peek into the fascinating (and enormous) community of family-tree huggers and after-hours Alex Hales.

*Shaking the Family Tree* is one part family memoir, one part investigation into the remarkable world of obsessed genealogists, and one part how-to manual for constructing a family tree. Join Buzzy in her journey as she makes contact with long-lost relatives, fact-checks those old family legends, and gets cozy with the growing American subculture of amateur genealogy. **Registration opens on 2/11/16.**

# APRIL 2016 | Make Healthy Life Choices

## MAKE HEALTHY LIFE CHOICES: REACH Your Wellness Potential

**You asked us for:** resources to identify and analyze risks, benefits, and alternatives before making decisions that affect your lives.

REACH (Rural Estes Alliance for Community Health) is a partnership between Estes Park Medical Center, Timberline Medical Clinic, and Salud Family Health Center to improve the overall health and wellbeing of community members. In April, the Library invites you to join REACH for a Community Reads series with a wellness theme: *REACH Your Wellness Potential*. Copies of the selected wellness titles will be available for free at the Library beginning March 1st.

In addition to the selected books, the Library will bring health technology to community members by adding FitBits™ to our collection. Learn about them, check one out, and give it a try!
